Current role

Frontend Developer at None

Technologies

React, CSS, Redux, React Native, HTML, JavaScript, TypeScript, Firebase

My favourite technology is...

TypeScript because of language features, reference validation, project scalability, collaboration within and between teams, developer experience, and code maintainability.

Work experience

Frontend Developer, None 🏢

Jan 2023 – Present (1y)

React

CSS

Redux

React Native

HTML

JavaScript

TypeScript

Firebase

- Optimizing the user experience.
- Using HTML, JavaScript and CSS to bring concepts to life.
- Developing and maintaining the user interface.
- Implementing design on mobile websites.
- Creating tools that improve site interaction regardless of the browser.
- Managing software workflow.
- Following SEO best practices.
- Fixing bugs and testing for usability.

Education

Obafemi Awolowo University

Mar 2016 – Jan 2022 (5y 10m)

- Studied Civil Engineering.

Snippets

My Portfolio Website @ icyeazy.github.io

This is my portfolio website which contains a little bit about me, my skills, learning exercises and my contact..

More about me

My favourite technology is...

TypeScript because of language features, reference validation, project scalability, collaboration within and between teams, developer experience, and code maintainability.

I want to work for a company that...

Would give me the privilege to better my Frontend skills.

In 3-5 years I want to be...

An expert in Frontend Development and also be able to pass knowledge to others who need it.

Interests

Sports (table tennis and volleyball), surfing the internet.

I like to work with people who...

Gives other people a chance to have freedom of expression and ideas.

I'm making a career change because...

I want to solve more problems in the world technologically.

Right now I'm learning...

More about React, TypeScript, and Redux.
